UNIVERSITY OF WASHINGTON)	
_____)	

SEIU Local 925 filed a petition seeking clarification of an existing bargaining unit of employees of the University of Washington with respect to the bargaining unit status of the position of "Messenger Driver 1." On August 23, 2005, a letter was sent to the parties inquiring about the status of the case. The parties' attention was directed to a corresponding representation case, *University of Washington*, Case 16976-E-02-2794, wherein the same "messenger drivers" were considered to be eligible voters. The Commission's records reflect that an election was conducted in the above-captioned case, and that a certification was issued for a bargaining unit described as:

All full-time and regular part-time unrepresented non-supervisory laboratory technical employees employed by the University of Washington in hospitals and clinics operated by the University of Washington, excluding confidential employees, supervisors, internal auditors and employees in other bargaining units.

See University of Washington, Decision 8392-B (PSRA, 2004).

The parties were asked to advise the Commission as to whether the bargaining unit status of the "messenger drivers" was still at

issue. To date, the Commission has not received a reply from either party. Accordingly, we conclude that there is no controversy currently before the Commission concerning the affected employees and the petition must be dismissed.

ORDER

The petition filed in the above-captioned matter is hereby DISMISSED.

Issued at Olympia, Washington, this 21st day of July, 2006.
